Report – Basic Programming Skills

The Basic Programming Skills Short-Term Course in Computer is a valuable opportunity for Students to gain essential programming skills in a relatively short period. It provides a structured and comprehensive introduction to programming concepts, empowering students to take their first steps into the world of coding. Upon completion, the students will improve their confidence to write simple programs and be better prepared for further studies or careers in computer science and software development.

Out Comes:

At the end of the programme Students learned,

- Fundamental understanding of programming concepts.
- The applications of writing basic code.
- To build a strong foundation for further exploration of specific programming languages.
- Problem-solving skills and the ability to automate simple tasks through programming

BRIEF REPORT

It is not surprise that we come under stress at one point of time or another in our life. Sometimes it is the work that makes our life miserable or relationships that strain our activities. Whatever be that level of stress we experience, we need to overcome it to enjoy life or achieving desired goals. We know that students have to deal with many problems at a young age itself. While they have to keep pace with their studies and assignments, the pressure from parents and teachers poses challenges to them. This eventually leads to stressful situations and they find it difficult to cope with them. So the department of English started add on course on Stress Management to make the students remain focused even during tough times.

Inaugurating the course the Principal Dr.R.Madhuriexplained how Stress Management plays significant role in life. The students were divided into two batches and each batch consisted of 100 students. The classes were taken from 09:00 AM to 10:00 AM for 1st Batch and 04:30 PM to 05:30 PM for 2nd Batch. The valedictory function was held on 11-10-2022; the principal distributed the course completion certificates and appreciated the faculty for successful Completion of Certificate course.

Value Added Course

A Short term value added course on 'Writing Skills'

When we compare writing with listening, reading are even speaking, we can easily understand that writing is the most complex task to do it. Keeping in view the difficult in writing skills, the Dept. of English, GDC Pattikonda is decided to run a short term value added course on 'writing skills' with the duration of 10 days without affecting the regular class work. The main objective is to enhance student's ability to document their ideas and experiences properly.

Objectives

- 1) To improve command over the language
- 2) To understand the structures of sentence forming.
- 3) To develop a creative system of mind
- 4) To learn different types of writing styles

Contents

1. Elements of Paragraph
2. Types of Paragraphs
3. Writing techniques
4. Punctuation Marks
5. Simple, Compound and complex sentences

10	19-08-2019	Complex Sentences	3-30 P.M. to 4-30P.M.

Brief Report

The dept of English succeeded in its attempt to develop writing skills among students of III Sem through a short term value added course on writing skills. During the course students learned various aspects involved in writing and developed critical thinking. Since internships became part of their curriculum, they learned the steps of report writing.

Out comes

At the end of the course, the students learned

- 1) Improved their proficiency in the use of language in written communication
- 2) Learned the structures of sentence formation.
- 3) Developed Critical Thinking.
- 4) Understood different techniques in writing.

Feedback

- This short term Course really helped me a lot and learned techniques of writing.
- I am very happy to learn about different types of paragraphs and I hope this course will certainly enhance my writing skills.
- Really I gained a lot of confidence during the course in projecting my views in the written form.
- Since English is a Global language as well as Language of opportunities, this short term Course helped me to learn how to write reports in English Language.
- Now I am quite sure that I will certainly reach my goal as this ten days course helped me a lot and submit my project work without mistakes.

Subject: Request to Initiate Value-Added Courses by the Department of English

Dear Sir/Madam,

I am writing as a concerned Lecturer of Government Degree College, Pattikonda, to bring to your attention a matter that could greatly enhance the educational experience of the students at our esteemed institution. I would like to request the introduction of Value-Added Courses by the Department of English.

As the world is rapidly evolving, it has become increasingly important to equip students with skills and knowledge that go beyond the regular academic curriculum. Value-Added Courses offer students an opportunity to gain additional expertise in areas that can significantly contribute to their overall development. In this context, the Department of English has the potential to offer a variety of such courses that can benefit students in several ways.

Value-Added Courses in English can include:

- ✚ Soft skills
- ✚ Creative Writing
- ✚ Public Speaking and Communication Skills
- ✚ English Language Proficiency and Grammar
- ✚ English for Competitive Exams

These courses can help students improve their language skills, enhance their critical thinking abilities, and provide them with a competitive edge in the job market. Furthermore, they can serve as a valuable complement to the regular curriculum and help students explore their interests in the English language and literature.

I believe that the introduction of Value-Added Courses in the Department of English will not only benefit the students but also enhance the reputation of our college. I kindly request

you to consider this proposal and initiate the process of introducing such courses. I am confident that the talented and experienced faculty in the English Department will be able to design and deliver these courses effectively.

I am willing to assist in any way I can to make this proposal a reality. I am also ready to gather signatures and support from fellow students who share this view. Please let me know if you require any further information or documentation to facilitate the implementation of these courses.

Thank you for considering my request. I look forward to your positive response and the prospect of offering valuable Value-Added Courses in the Department of English.

Yours sincerely,

1. Sri Malli babu , Head of the Department

Subject: Request to Initiate Value-Added Courses by the Department of English

Dear Sir/Madam,

I am writing as a concerned Lecturer of Government Degree College, Pattikonda, to bring to your attention a matter that could greatly enhance the educational experience of the students at our esteemed institution. I would like to request the introduction of Value-Added Courses by the Department of English.

As the world is rapidly evolving, it has become increasingly important to equip students with skills and knowledge that go beyond the regular academic curriculum. Value-Added Courses offer students an opportunity to gain additional expertise in areas that can significantly contribute to their overall development. In this context, the Department of English has the potential to offer a variety of such courses that can benefit students in several ways.

Value-Added Courses in English can include:

- + Soft skills
- + Creative Writing
- + Public Speaking and Communication Skills
- + English Language Proficiency and Grammar
- + English for Competitive Exams

These courses can help students improve their language skills, enhance their critical thinking abilities, and provide them with a competitive edge in the job market. Furthermore, they can serve as a valuable complement to the regular curriculum and help students explore their interests in the English language and literature.

I believe that the introduction of Value-Added Courses in the Department of English will not only benefit the students but also enhance the reputation of our college. I kindly request you to consider this proposal and initiate the process of introducing such courses. I am confident that the talented and experienced faculty in the English Department will be able to design and deliver these courses effectively.

I am willing to assist in any way I can to make this proposal a reality. I am also ready to gather signatures and support from fellow students who share this view. Please let me know if you require any further information or documentation to facilitate the implementation of these courses.

Thank you for considering my request. I look forward to your positive response and the prospect of offering valuable Value-Added Courses in the Department of English.

Yours sincerely,

Sri P. Srinivasa Rao B.A. Ph.D.

International Yoga Day 21-6-2021

INTRODUCTION

The Twelve Basic Asanas

Asana is one of the eight limbs of classical Yoga and states that poses should be steady and comfortable, firm yet relaxed. The yoga asanas gently encourage us to become more aware of our body, mind, and environment.

The 12 basic poses or asanas are much more than just stretching. They open the energy channels, chakras and psychic centers of the body while increasing flexibility of the spine, strengthening bones and stimulating the circulatory and immune systems. Along with proper breathing or pranayama, asanas also calm the mind and reduce stress. With regular practice one can increase overall physical and mental health and the aid in the prevention of diseases such as diabetes, hypertension and arthritis. In time, the poses consciously becomes a mental exercise in concentration and meditation.

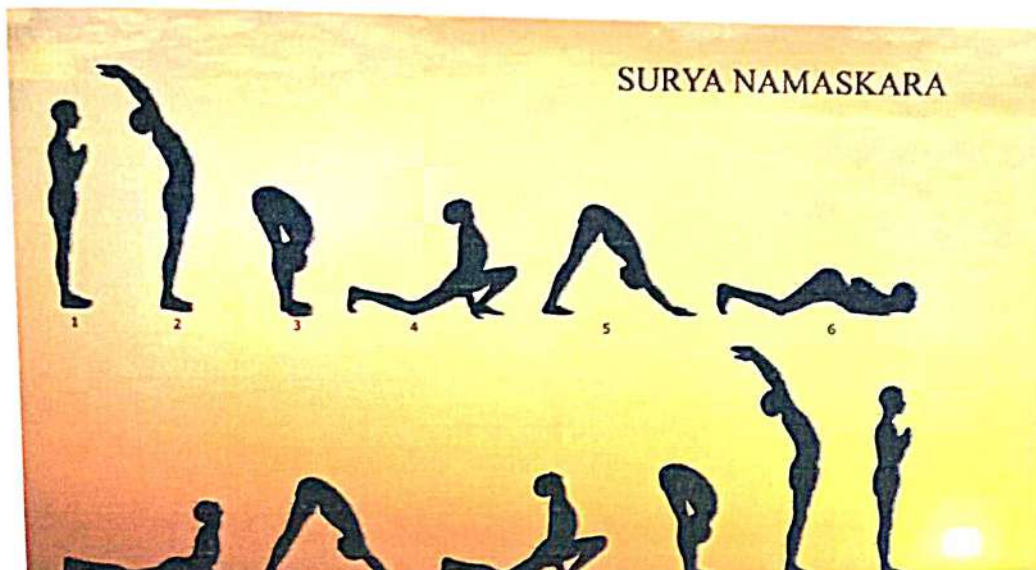

Introduction

Pranamasana (Prayer pose)
Hastauttanasana (Raised arms pose)
Hastapadasana (Standing forward bend)
Aswan Sanchalanasana (Equestrian pose)
Dandasana (Stick pose)
Ashtanga Namaskara (Salute with eight parts)
Bhujangasana (Cobra pose)
Adho Mukha Svanasana (Downward facing dog pose)

INTERATIONAL YOGA DAY 21-6-2023

INTRODUCTION

1. Yoga is an ancient and holistic practice that originated in India thousands of years ago. It encompasses a wide range of physical, mental, and spiritual disciplines aimed at achieving harmony and balance within the individual. The word "yoga" itself means union, symbolizing the integration of body, mind, and spirit.
2. At its core, yoga focuses on the development of physical strength, flexibility, and control through a series of postures known as asanas. These postures are often practiced in conjunction with controlled breathing techniques, or pranayama, which facilitate relaxation and concentration. Additionally, yoga encompasses meditation practices that encourage mindfulness and self-awareness, fostering mental clarity and emotional well-being.
3. Yoga is not confined to a specific religious or cultural context; rather, it is a versatile practice that can be adapted to various lifestyles and belief systems. Its benefits extend beyond physical fitness to include stress reduction, improved mental health, enhanced focus, and a deeper sense of inner peace. Through its comprehensive approach to wellness, yoga has gained global recognition and adoption, making it a timeless philosophy for achieving a balanced and harmonious life.

Report:

The International Day of Yoga, celebrated annually on June 21st, promotes physical and mental well-being through yoga practice. Initiated by India's Prime Minister in 2014 and recognized by the United Nations, the day emphasizes yoga's benefits for holistic health, stress reduction, and unity. Worldwide, yoga sessions, workshops, and events were held, highlighting its global influence. As a timeless practice with modern relevance, Yoga Day continues to raise awareness about the significance of embracing wellness and balance in our lives.
